Igor Glenn has played with music icons from the New Christy Minstrels to John Denver to Benny Goodman. He's even been a session man at the world-famous Muscle Shoals' studio – oh, the tales he could tell! But with six decades of touring the world as a solo artist or leading the Jazz Cowboys, Igor has emerged as a legend in his own right. As a 1-man band, Igor masters musical styles from country to folk to gospel to jazz and more. What other musician can claim to charm audiences in China and on both versions of TV's "Gong Show." Then when Igor mixes and matches his musician friends in concert, the musical menu covers tastes from the world over. After the concert, feel free to catch the light rail and head down to First Friday along Roosevelt Row.
